Dear Mr Girgis

Re: Patient Satisfaction Survey – June to November 2017

We are in receipt of the patient satisfaction survey scores for the months of June to November 2017.

It is with pleasure that I write to advise that you were commended in the verbatim comments by a patient;

September "Superb care: I researched Mr Girgis on your website, I could not have made a better choice".

On behalf of the hospital I would like to thank you for your commitment in making the patient's journey as pleasant and efficient as possible. A copy of this letter will be placed on your practice privilege file.

Yours sincerely
